STD-2 MORAL SCIENCE

# CHAPTER-11 [King Cobra and the Ants]

## ANSWERS

I Fill in the blanks with the correct option :-

1. When King cobra was small he ate little creatures (creatures/snakes).

2. King cobra's pride boosted (boosted/cooled) up when other small animals began to fear him.

3. King cobra wanted to move from a small (big/small) hole to a bigger (smaller/bigger) place.

4. King cobra ordered the ants (ants/rabbits) to leave the tree.

5. King cobra lost his pride (eyes/pride) before the tiny ants.

II Answer the following questions.

1. Why did King cobra want to move from his small hole to a bigger place?

Ans King cobra wanted to move from his small hole to a bigger place because he felt proud of being the king of the forest and the most powerful creature.

2. What did the King cobra see near the tree?

Ans King cobra saw an ant hill near the tree.

3. What happened when King cobra struck the ant hill?

Ans When King cobra struck the ant hill, thousand of ants attacked him and bit him everywhere.

III "Soon thousands of ants swarmed up the King cobra biting him everywhere."

1. Why do you think thousands of ants attacked King cobra together and not one by one?

Ans Thousands of ants attacked King cobra together and not one by one because they wanted to bite him everywhere and teach him a lesson.

2. What lesson do you think did King cobra learn?

Ans King cobra learnt a lesson that he should never be proud of himself.
